a techie artist

JUSTADDMETA

[**4.2022 , present**]

supporting my client, JUSTADDSUGAR on their web3 journey with JAM..

demoVerse
1.2022 , present

demoVer.se is a world peace project on blockchain. We've started this, to enable individuals becoming powerful as states in the context of making of a world peace, via expressions, acknowledgements and recognitions. A paradigm shift, in future-oriented disarmament, between peers: A mutually assured regeneration, w/ Art of Peace.

statefulArt
7.2021, present

stateful.art aka. **start**, is an artistic project, and an artwork itself.
Project creates city-to-city solidarity networks with artistic commons; as in Decentralized Artistic Organicities.

offset movement
10.2020, present
offsetmovement.org /**raw**

om is a think-tank & enabler of +impact scaling systems

this is where we move
`future,` `to closer.`

Javascript/nodejs/React/next.js
Java/SpringFramework,
Elixir/Phoenixframework, Haskell, ELM
Solidity/hardhat, thirdweb SDK,

tech-stack

Reactjs, Nextjs, HTML, CSS, GrommetUI
Unix, shell, and Python, SQL, graphQL,
Postgres, Mysql, Cassandra, supabase

formal education

MA, Information and Tech Law
[**2016, 2018**] **> dropped @ thesis**
Istanbul Bilgi University

Bsc. of Computer Engineering
[**2008, 2014**]
Izmir Institute of Technology

Exchange, Computer Science
(**Northern Spring @2011**)]
Aarhus University

Skills

critical thinking, game theory,
gifting/circulation economy, commons and business development.
+impact design, facilitation of liberating structures, quick prototyping & design thinking

previously,

Vattenfall Energy Trading GmbH
[**2019, 2020**)   fullstack developer

Element Insurance AG
